## Placing a Hold on an eBook

If the eBook you have chosen to download is in use by another patron, and if your library offers Holds capabilities, you have the opportunity to place a hold on the eBook to download when it becomes available. Enter your e-mail address in the field provided and click the **Place Hold** button.

The screenshot shows a web interface with a modal dialog box titled "Place Hold". At the top of the dialog, a yellow banner reads "Sorry, this eBook is in use." Below this, the heading "Place Hold" is followed by the instruction "Please enter the e-mail that you would like to use to receive your hold notifications." A text input field contains the placeholder "name@address.net". A checked checkbox is labeled "Always use this e-mail address." Below that, a section titled "Hold Queue:" with a magnifying glass icon shows "Currently, 0 other users are in the hold queue for this eBook." At the bottom of the dialog are two buttons: "Place Hold" (highlighted in orange) and "Cancel". The background interface shows a page with navigation links like "Previous", "1 2 3 4 5 Next", and "Relevance Sort".

The eBook is placed in the Holds area of your My EBSCOhost Folder. When the eBook is available, you are notified via the e-mail address you provided and the eBook appears in the Checkouts area of your folder.
